Victorian Government Solicitor's Office Monthly Seminar Series

The Victorian Government Solicitor's Office Monthly Seminar Series is designed exclusively for the Victorian Public Service. The series covers a diverse range of topics in an exclusively government forum, with the aim of educating and informing attendees of current and emerging legal issues of particular relevance to the public sector.

These lunch-time seminars feature a range of experienced speakers, including members of the VGSO team and external speakers from across the Victorian Public Sector. The seminar topics are designed to address topical issues and also meet Continuing Professional Development (CPD) requirements for practising Government Lawyers.
